Scoring

Group target - smallest group

Fly target - best score

Score - best score

Aggregate individual day:

Calculated by shooters placing in each of the three disciplines. Example: if you finish 3rd in group 15th in fly and 8th in score your aggregate is 26. Smallest number wins. If there is a tie, there will be a countback starting with target 1 then 2 and so on.

Over all winner is calculated by adding the 2 days scores.

If there is a tie, there will be a countback starting with target 1 on day 1 and so on.

No moving backers. Scorer will determine if there a 5 shots on target.
